## Year End Review 2020

## A Letter from Our Sheriff

Greetings,

I would like to present to you our annual end of the year report. There are probably not enough words to describe 2020. It was a very chaotic year for all of us, both professionally and personally. Several of our employees contracted the COVID-19 virus, had family members and friends affected or both. Most were able to battle the virus and come away unscathed. Others did not fare as well, having family and friends that became seriously ill and passed away. To all of you that lost love ones we are so very sorry for your loss.

I want to thank all of our employees for what they have had to endure this year. All of us have had extra responsibility added to our plates because of the pandemic and all of you have handled your duties amazingly. You all are to be commended and there are not enough thanks for you as you continued to leave the safety of your homes and families to come to work to keep us safe.

2020 was also a year that saw another election come and go. I am very grateful and humbled to have been elected again as Sheriff of Muskingum County. To all of you that supported me this past year I cannot thank you enough. I also want to apologize for all of the turbulence and disrespect that this election brought to you. Our office and its employees remain strong and we will be better from facing this adversity.

As 2020 rolls out and 2021 comes steaming in, the Sheriff's Office continues to grow. With recent additions of the Dog Warden's Office and security at the Law Administration Building, we have added an additional 3 slots among our deputy ranks. Providing security at the Law Administration Building is long overdue and will finally give a deputy presence at the three downtown courts. By adding the Dog Warden's Office under our umbrella, we hope to provide a better service to our community. By adding 2 deputies to handle the enforcement side, we hope to assist our road patrol division and help assist in handling the many calls that come in for canine issues. These deputies will also assist the road when available. I am very excited and interested to see where this division goes in 2021.

## Continued - A Letter from Our Sheriff

As most of you know, in our last annual report I had made it pretty clear that drug enforcement would be a top priority for the office. In 2020 our office made one of, if not the biggest, drug cases in the history of our office. Dwight Taylor, a long-time known drug dealer, was taken off of the streets. This individual pleaded guilty and was sentenced to 15 years in prison, a sentence that will be very detrimental to his future. With this case, multiple kilos of powder cocaine were kept off of our streets here in Muskingum County. Also, because of our investigation, 3 cocaine traffickers from Texas and Mexico were also arrested, charged, and convicted. It has been shown that these 3 people were sending cocaine to a vast majority of cities in the Midwest. I want to commend our drug unit and personnel for the time, energy, and work they put in this case. It was a total team effort between our office and ZPD that made this happen.

As I close, I wanted dedicate this letter to K-9 Narco, who passed away January 26, 2021 due to a brain tumor. He and Sgt. Archer spent countless hours in training and on patrol to protect our citizens. He was an awesome K-9 that had a drive second to no other. His service will not be forgotten and we are so appreciative of him and Sgt. Archer.

I hope that 2021 eventually returns to some type of normalcy for all of us. Getting back to no masks, in person group trainings, and just the ability to sit around with the friends and co-workers that we enjoy so much. In the meantime, I have no doubts that our employees will continue to protect and serve our community. Our employees are the front lines against evil. Our employees are role models and are looked at for direction and support. I want to thank all of you for the jobs you do and I am so honored to serve as your sheriff.

Sincerely,

*Sheriff Matt Lutz*

## **Central Ohio Drug Enforcement Task Force 2020 ANNUAL REPORT**

The Joint Drug Unit between the Muskingum County Sheriff's Office and the Zanesville Police Department consists of two Detectives from MCSO and two Detectives from the ZPD. The Joint Drug Unit is also part of the Central Ohio Drug Enforcement Task Force (CODE). CODE Task Force cover jurisdictions is six counties including; Licking, Muskingum, Perry, Knox, Coshocton, and Guernsey. CODE currently has 31 members assigned to it. These members consist of Detectives, Interdiction Officers, and Analysts through the Counter Drug program through the United States Military. The purpose of the Joint Drug Unit is to conduct long term narcotics investigations in an attempt to charge the suspect(s) with the highest allowable charge.

The Joint Drug Unit works in cooperation with several different local, state, and federal agencies to conduct long term investigations. The Joint Drug Unit uses many different aspects of conducting investigations including utilizing the newest and best technologies available to law enforcement investigations as well as using confidential informants, and tips from the general public. These different techniques are deployed while always obtaining all the necessary legal processes, which includes search warrants, court orders, and subpoenas. The confidential informants used were able to assist with intelligence and controlled buys of narcotics. Detectives were able to use this information to begin several new investigations. Some of these investigations were completed in 2020, while others are continuing on. Highlighted below are some of the more notable cases that happened in 2020, along with sentencing details in 2020 from some cases investigated in prior years. The Joint Drug Unit also handled approximately 100 cases that were generated by the Patrol Divisions of either the Zanesville Police Department or Muskingum County Sheriff's Office; however, those cases are not highlighted in this particular report.

### **CASE UPDATE**

Beginning in 2019, the Drug Unit began an investigation into the trafficking of drugs by Dwight Taylor. We were able to generate an informant that began communicating with Taylor in 2019 about purchasing cocaine from him. After several conversations back and forth, in February of 2020, the informant made the first of several controlled buys of cocaine from Taylor. Due to the nature of Taylor's operation, Detectives had difficulties in conducting surveillance of the transactions. Due to this, the Drug Unit reached out to the Ohio BCI, who assisted with surveillance equipment to assist with the different locations that Taylor conducted his illegal activities from. With the use of this equipment, Detectives were able to get better surveillance of Taylor's activities. The Drug Unit continued to make several other purchases of cocaine from Taylor, for a total controlled purchase amount of 13 ounces of cocaine.

## Central Ohio Drug Enforcement Task Force

On April 6, 2020, the Drug Unit executed several search warrants on Taylor's property from the drug trafficking investigation. Those addresses include properties on Green Valley Rd. in New Concord, Wilhelm Rd., Chandlersville Rd., Salt Creek, and Mast Rd. in Chandlersville. These searches took place over three days and included assistance from several agencies including: Muskingum County Sheriff's Office, Zanesville Police Department, Ohio State Highway Patrol, Department of Homeland Security, and CODE which consisted of Officers from all six counties that fall under CODE.

The search and investigation into Dwight Taylor resulted in Officers locating over 9,200 grams of Cocaine, 13 firearms, and over \$337,000 in cash. This resulted in the Drug Unit filing several seizure warrants that allowed Detectives to seize 46 pieces of farm equipment, 8 motor vehicles, 32 head of cattle, 7,500 bushels of corn, an additional \$331,000 from bank accounts, and 23 pieces of real estate which totaled in excess of 400 acres. In all, the combined total of assets seized is approximately 2.5 million dollars. This seizure represents the largest assets seizure within the City of Zanesville and Muskingum County area.

This investigation resulted in Dwight Taylor being classified as a MDO (Major Drug Offender) and being convicted of multiple counts of Engaging in a Pattern of Corrupt Activity, Drug Trafficking, Drug Possession, and weapons offenses. Dwight Taylor pled guilty to the charges and was sentenced to 15 years in prison. Also indicted in this investigation was Taylor's girlfriend, Deborah Kirsch. She was charged with several charges including Engaging in a Pattern of Corrupt Activity, Money Laundering, and Permitting Drug Abuse. She pled guilty to her charges and was sentenced to six months of local incarceration.

Beginning in April of 2020, the Drug Unit started an investigation into subjects trafficking large quantities of cocaine from Texas into Ohio in the Muskingum County/ Zanesville area. Drug Unit Detectives were able to identify an initial suspect as being Ronald Cooper from Mercedes, TX. Using an informant, several controlled phone calls were made to Cooper and arrangements were made for 10 kilos of cocaine to be delivered to Muskingum County. Detectives were able to identify a second suspect named Jose Gonzalez, who was also from Mercedes, TX. Detectives conducted numerous types of surveillance on Cooper and Gonzalez. After several days of communication, Detectives were able to surveil Cooper and Gonzalez's movements and they began travelling north from Texas.

On April 24, 2020, surveillance placed Cooper and Gonzalez's in the State of Ohio. Cooper continued to communicate with the informant and arrangements were made to meet up with Cooper. At the meeting location, both Cooper and Gonzalez were arrested and interviewed. During the interview, Detectives learned that the cocaine was hidden in a semi-truck that was currently being operated by an Erik Marquez.

## Central Ohio Drug Enforcement Task Force

On April 25, 2020, Detectives were able to locate Marquez's semi-truck on I-70, at the 169 exit, just inside of Muskingum County.

Upon knocking on the door, Detectives identified the only occupant as Erik Marquez. A hidden compartment in the cab of the semi-truck was located. Detectives located 10 kilos of cocaine. As a result of this investigation, Cooper, Gonzalez, and Marquez were all arrested and classified as MDO's (Major Drug Offenders) and charged with Drug Trafficking, Drug Possession, and Hidden Compartment. All three have since pled guilty and sentenced. Cooper received a sentence of 17 years, Gonzalez received a sentence of 11 years, and Marquez a sentence of 2 years. This seizure of cocaine represents the largest seizure of cocaine within the City of Zanesville and Muskingum County area.

Dispatchers are also responsible for updating the news media, website, and social media should the county be under a Snow Emergency. They are also responsible for the county-wide tornado system alerts.

They monitor cameras around the Administration and Evidence Buildings to provide extra security. They are watching cameras for any unusual vehicles or people around the outside of these buildings.

## Corrections Division

The Muskingum County Sheriff Matthew J. Lutz and the corrections division staff are committed to providing a safe and secure place of detention in an environment that will ensure the safety of the public. The corrections division strives to operate in accordance to guidelines set forth by the United States Constitution, Ohio Revised Code, Bureau of Adult Detention Standards, and any applicable court decisions.

Sheriff Lutz and the corrections division staff are governed by responsibilities to the judicial system, Muskingum County communities, and the inmates remanded to the Sheriff's custody.

The operational policy practiced within the Corrections Division is Strategic Inmate Management. This promotes the principles of direct corrections officer-to-inmate interaction. This has proven to be an effective approach to inmate supervision; with results being a safer, more humane environment for both inmates and staff. Strategic Inmate Management principles include:

- Assessing the risk and need each inmate presents to develop strategies to more effectively manage their behavior.
- Completing thorough individual inmate assessments to make informed housing decisions and classify inmates to facilitate behavior management.
- Provides services to avoid behavior problems that can result from basic inmate needs.
- Defining and conveying expectations for inmate behavior.
- Supervising inmates to ensure inmate behavior meets the Sheriff's expectations.
- Keeping inmates occupied with productive activities.

Security procedures must exist to ensure effective and efficient operations. Since most inmates will be returning to the community, opportunities for developing the skills necessary for self-sufficiency are provided through social, psychological, educational, and spiritual programs.

Staff assigned to the Muskingum County corrections division receive specialized training in crisis intervention, Strategic Inmate Management, interpersonal communications, First Aid, and cultural diversity.

# New Programs in 2020

## Are You O.K.?

The Muskingum County Sheriff's Office offers a free program for the safety of our residents. Only seniors, shut-ins, and disabled persons who reside in Muskingum County are eligible to participate. The program is totally free and confidential. The "Are You O.K.?" program uses a computer that will call you at a time specified by you each day. The computer will ask you to push a button on your touch tone phone in order to ascertain that you are okay. If you do not answer the phone or your line is busy, the computer will call you back twice. If these attempts are unsuccessful, an officer will be dispatched to your home to check on you. We will also attempt to make contact with your listed key-holder so that we may enter the home to see if you are in distress.

You are asked to provide the name and phone number of a friend or relative who lives nearby, preferably one who has a key to your residence. The information you provide will be kept in confidence at the Sheriff's Office. It will not be used for any other purpose or given to anyone. You are also asked to specify a time for your daily call. Additionally, you may have more than one phone call a day, one call in the morning and one in the evening. If so, just list the additional time on your application.

You should know that if we cannot make contact with your listed key-holder, the officer will use any means necessary to enter your home and make sure you are not in need of help. The deputy will do everything possible to minimize any damage, but some damage may occur. Every effort will be made to make sure your home is secure before the officer leaves. It is important, therefore, to make sure you keep us informed if you go on vacation, enter the hospital, or will not be home at your designated time for your daily "Are You O.K.?" call. Just call the Sheriff's Office @ 740.452.3637 ext. 6149 and let the dispatcher know you will not be home, so we do not have to bother your emergency contacts nor enter your home needlessly.

If this program interest you go to the website: <https://www.ohiomuskingumsheriff.org/Resources/Are-You-Okay/> Complete the Are You O.K.? Field Interview Form and submit or download and email: [info@ohiomuskingumsheriff.org](mailto:info@ohiomuskingumsheriff.org) or mail: Muskingum County Sheriff's Office, Are You Okay?
